

2022 State Legislative Candidate Questionnaire

The Nevada Resort PAC is a non-partisan organization dedicated to supporting business-minded candidates for state legislature who understand the value of the gaming and resort industry and the tremendous economic contributions we bring to every community across the state.

As the state's largest industry, largest employer and largest taxpayer, we are engaged in a myriad of public policy discussions at the state level, including employment and labor issues, tax policy, data privacy, healthcare, environmental matters, gaming regulations and many other items impacting our members' employees and operations. We are seeking candidates who share our values of growing Nevada's economy, expanding economic investment and job creation, contributing to our employees' well-being, ensuring taxes are fair and transparent, and maintaining Nevada's position as the global leader in travel and tourism. Therefore, we take the responsibility of endorsements very seriously.

We appreciate you taking the time to fill out our questionnaire. Your responses to the following questions will help us determine where our priorities align. We require all candidates seeking our endorsement to complete this step as it is a critical component of our evaluation process. Following the submission of the questionnaire, we may request an interview to get to know you better and discuss issues important to our members.

Please return the questionnaire to us at information@nevadaresorts.org.
